

Chant Notation Study Guide

Important Items for Worksheet. You should know:

- the names of various note groupings or neums.
 - o For example

is a Podatus, or a Pes.

- how the various neums translate into modern notation.
 - o Where “C” is, depending on the clef, so that you can identify the pitches in a piece of music.
 - o How the neums translate into modern notation, so that you can match a piece of music in Vatican notation (the square notes) to an accurate rendition of the same piece of music in more modern notation. (You will have several choices that are almost alike.)
 - o For example

is the same as
